## THE SINTER TITANIUM SUPPRESSOR

**sinter** (verb)  
sin-ter | \ sin-t r

:Make coalesce into a solid or porous mass by heating it and compressing it without liquefaction

Radical Firearms introduces the SINTER Titanium Suppressor. Utilizing the most cutting-edge technologies in 3D Additive Manufacturing, the SINTER is one of the lightest, most durable suppressors on the market to date. Tested on everything from .22 WMR to 300 WM, all calibers are hearing safe. The internal design creates a robust super structure unachievable through traditional manufacturing methods. Constructed wholly of Titanium 6Al-4V, the SINTER has a high strength-to-weight ratio creating a durable and the lightest weight commercially available suppressor for everyday use.

**Cal:** Up To 7.62

**OAL:** 8"

**OD:** 1.75"

**Weight:** 16 oz

**Material:** Titanium 64 (Ti-6Al-4v)

**dB:** ~136.7 with 12.5" 308

- Monolithic Design
- Additive Manufactured (3D Printed)
- High Temp Cerakote Exterior Coating available in Black or Desert Tan
- Muzzle Brake Taper Mount Design
- Honeycomb exterior provides increased surface area for heat dissipation
- Full Auto Rated
- Black or FDE High Temp Cerakote
