

MESA TACTICAL®

SURESHELL® SHOTGUN CARRIERS WITH REFLEX SIGHT MOUNTS

New for 2023 is our line of Sureshell shotshell carriers with integrated Trijicon RMR® reflex sight mounts for Beretta 1301 tactical shotguns. Similar to our Sureshell carriers with Picatinny rail, these Sureshell carriers feature a precision machined mount for a reflex sight using the RMR® footprint. When installed on the shotgun, the reflex sight co-witnesses with factory ghost ring sights.

Includes An Integrated Trijicon RMR® Reflex Sight Mount That Co-Witnesses with Factory Ghost Ring Sights

Innovative Rubber Friction Retention System Solidly Holds Shotshells in Place

Machined From 6061-T6 Aluminum or Injection Molded-Glass Filled Nylon Yoke
